Access to the race area:

Drive into the Hensmoen industrial area from the E16, then the first road to the left.

Follow this road approx. 1.7km and you will find the exit to John Myrvang AS on the right.

Clear markings will be set from the exit into the Hensmoen Industrial Area.

NOTE: We will ask the participant to take care to the neighbors and drive slowly and use the road through Hensmoen Industrial Area when you travel to the gravel pit from E16 road.

Registration area:

The Secretariat are beside the food and drink store.

Note: Remember to bring driver license, cars license, national driving license and dispensations.

National driver license will be checked after drivers meeting.

We will only accept written exemptions from the local Federation printed out and sign in 2019.

Technical control area:

Control area will be inside the track area on the "line-up" side.

Note: Only the driver can present the car on the technical control, remember bringing the technical control form, safety equipment, car's license and written exemptions from the local Federation printed out and signed in 2019.

Use helmet and safety harness on the brake test.

Pricing ceremony:

Trophies for the three best in both classes in NEZ cup, ceremony on Sunday after race ends and after protest deadline.

Trophies for the Norwegian cup will be given out both days in both classes after race ends and protest deadline

"Best in show" will be given out both days independent of NEZ or NC.

Bulletin board:

Results and organizer message will be set up on the secretary trailer.

Commercial:

Organizer has the right to equip the race-cars with commercial from the organizer's sponsors.

Any participant can buy them free from the commercial for a fee of 1500,- NOK.

Protests:

Protests must be delivered written in English or Norwegian together with a fee of 2000,- NOK not later than 30 minutes after the Jury Leader has signed the result and published them.

Protest on the technical control must be delivered written in English or Norwegian immediately after the control has been done on the actual car with a fee of 5000,- NOK

This is according to the local NSR.

Depot:

- No startup or driving racecars after 22 o'clock
- Only drivers that are participants can drive the racecars on race day
- Team members/family/friends that are staying in the depot are not allowed to enjoy alcohol between race start and race end, and race end means after the pricing ceremony.

Note: If this is not observed will the competitor immediately be cancelled from the race without questions.

Alcohol test may occur.

Every team needs to have a minimum 6kg fire extinguisher clearly visible in the depot.

Barbeque or open fire needs to be in a good distance from gasoline, oil etc.

Entrance to depot and line up:

Every team will get as many depot tickets they need and this needs to be filled in to the registration form, but it's only for the team members. (Questions from the organizer side will occur)

During the race will only team members have entrance to the depot, and on the break will the audience have access to the depot.

Every team will get only two entrance cards for the line-up, please have them visible when entering the line-up.

Note: Only two team members on the line-up!

Environment:

Every team need to provide their own tarpaulin in the depot and the car need to be parked on this every time when parking in the depot.

Fueling will happened in own area, this will be clearly marked.

Oil and other liquid shall immediately be filled over on own "oil drums" at the environment station.

We ask every team to use dumpster that are placed in the depot.

We at the sports committee and NMK Hønefoss warmly welcome you to a wonderful race weekend in Heen Grustak.

HØNEFOSS
